

### **Life is short.**

During your brief time here, what impression will you leave? What imprint will be left after your decisions are made, your interactions concluded, your results achieved? When you “stop the action” to consider what your career and your life mean to you, do you find in your daily choices a personal vision or mission, or the answer to the question: “Why am I here?”

### **Why Focus on Your Legacy?**

Too often, we allow the rapid pace and sometimes random events of our daily lives to overshadow the importance of learning to live with real intention, with purpose. When our main focus is on today, we sweep aside the need to envision, establish and build our legacy. First, we short-change ourselves; then we short-change everyone we lead. We forget that our legacy can be created only one of two ways: by design or by default.

### **What is the Legacy of Leadership?**

**It's about life.** This powerful development process, kick-started by attendance at a 2-day off-site conference, invites a small group of passionate leaders to invest in their life's purpose by sharing insights on the toughest, deepest, most compelling aspects of leadership. This rare opportunity sets the stage for ongoing dialogue with your participant group. Through the course of four regularly scheduled, facilitated phone conferences, your gifts and talents will be further honed, and further challenged.

### **How Can the Legacy of Leadership Make a Difference for Me?**

**You decide.** With your full engagement, this process can help transform your life, both professionally and personally. Our in-depth approach will unlock your full energy and imagination and help you discover and act upon that which is truly your own.

### **What Makes the Legacy of Leadership Different?**

**You do.** Because participants will collaborate on the basis of their previous experience, growth potential, and their desire to share perspectives on leadership and life, this opportunity is unique. In addition, our focus on extended support through regular contact with your participant group ensures that the life changes you initiate during the conference maintain their momentum.

### **What are the Objectives of the Legacy of Leadership?**

**It's up to you.** Within the context of defining what you envision for your life, together we will construct a platform for increasing your capacity to leave a more evident and striking imprint on the world.

### **How Will the Objectives of the Legacy of Leadership Be Met?**

**There is no substitute for commitment.** Your dedication to invest in your own growth, coupled with our promise to use proven methods for self-development, will make the results both authentic and long-lasting.

## **LEGACY OF LEADERSHIP CONFERENCE 2020**

**INTERPRO**  
Performance Solutions

### **What Will I Gain from the Legacy of Leadership?**

- **Align your choices with your core values**
- **Build a bridge between the personal and professional aspects of your life**
